

Wood Racing Shells and Oars for Sale

Our family is selling some of Bill Kalenius's old wood sculling oars, along with his Sims Racing Single (was one of his first shells) and a wood Pocock Racing Single. Asking prices are based on what is floating around Cyberspace (not much). We are more than welcome to have folks come over and look at the oars and even row the single on Vancouver Lake (yes, both singles have riggers!). If you are interested in any of these items, please contact Will Kalenius at 503-200-9086 or willkalenius@hotmail.com. We are mostly interested in simply finding a good home for these special pieces of rowing history. A portion of all sales will go toward supporting Vancouver Lake Crew.

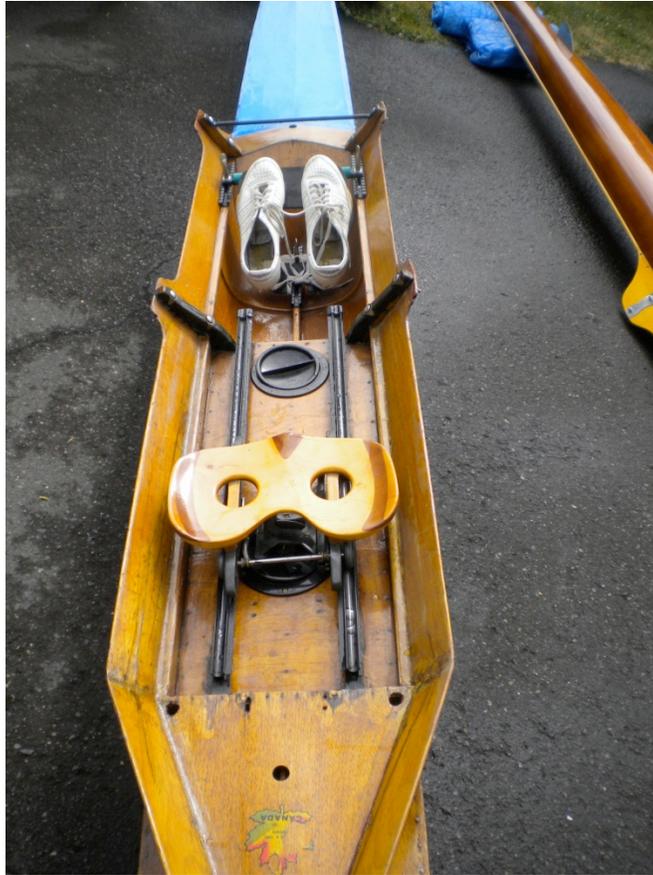

We have a collection of wood sculling oars (above). Included are Ciolli (2 sets of 117"), Aylings (blue stamp, 117"), Ciolli (silver label, 118.25"), Piantedosi (116.75"), Aylings (114.5"), and Pocock (115.25"). We are asking \$400 per pair. The Pococks (far right) are exquisite and are only for sale if you make a really motivated offer! We can deliver regionally (Ashland to Bellingham) if needed. These oars are in fine shape. They have been sitting in the garage for years/decades.

26'4" Pocock. This wood single is absolutely beautiful. Riggers included. I can't find anything wrong with it. It is truly a work of art. We are asking \$4000.

Left: underside of the Pocock.

This is the Sims. It is 26'7". It has been rowed a bit (I learned to scull in this one). Everything works fine. We are asking \$1500.

Above: underside of the Sims.

Finally, we have 1 "tulip" style sweep oar. 145". Make an offer and its yours!
